FosterTM

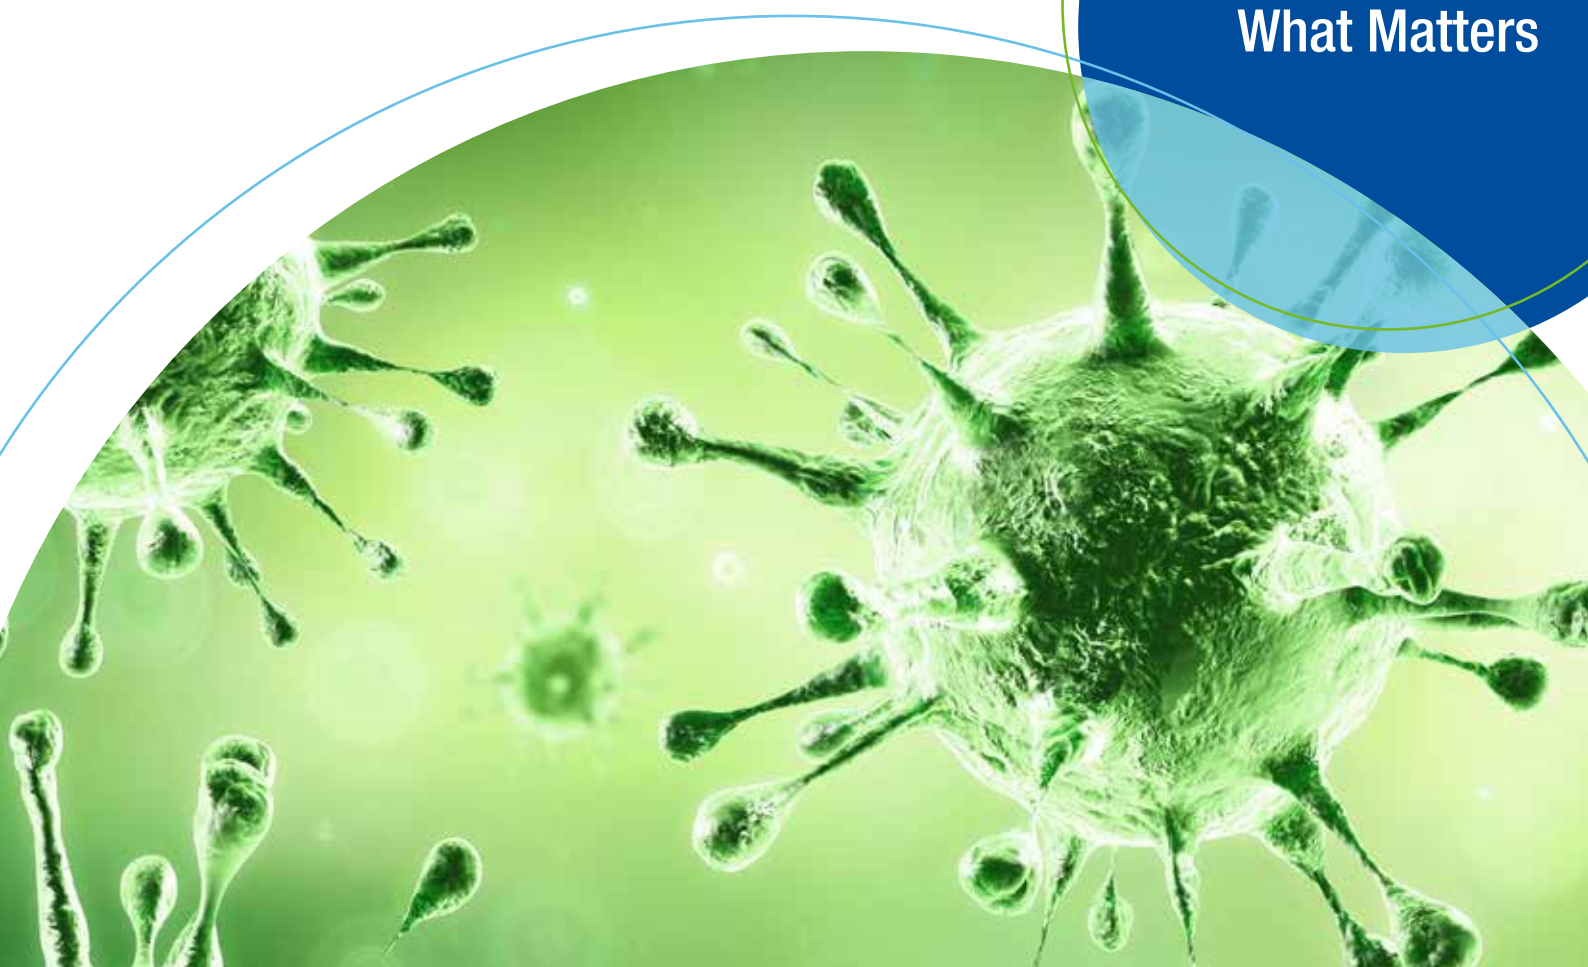

Foster[®] First Defense 40-97 EU

Foster[®] First Defense 40-97 EU Disinfectant is a hospital-grade disinfectant for hard, non-porous surfaces. It has demonstrated effectiveness against a broad spectrum of bacteria and viruses, such as norovirus and viruses similar to coronavirus disease 2019, COVID-19 (SARS-CoV-2) on hard, non-porous surfaces. Therefore Foster[®] First Defense 40-97 EU Disinfectant can be used against coronavirus disease 2019, COVID-19 when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces.

Covid-19 (SARS-CoV-2)

- BAuA Approval Number 90906
- Water-Based, Bleach Free

Protecting
What Matters

Foster® First Defense 40-97 EU

Cleaner • Fungicide • Mildewstat • Virucide
For Hospital, Institutional and Industrial Use

Foster® First Defense 40-97 EU Disinfectant Concentrate (dilution according to application) is a complete, chemically balanced disinfectant and sanitizer that provides clear use solutions even in the presence of hard water. It is mildewstat that will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard nonporous surfaces.

Use in schools, hospitals, hotels, office buildings, nursing homes, day care centers, transportation terminals, and other public and institutional facilities. Use on washable hard, nonporous surfaces of tables, countertops, cabinets, chairs, floors, walls, desks, doorknobs, showers, sinks, and other non-porous surfaces such as metal and finished woodwork, as well as coils and drain pans of air conditioning and refrigeration equipment and heat pumps.

- One-step disinfectant cleaner is effective against a broad spectrum of bacteria, is virucidal, fungicidal and inhibits the growth of mold and mildew, when used as directed.
- Use to remove odors caused by flooding and smoke from fires.
- Kills germs, bacteria and viruses on pre-cleaned environmental surfaces.
