ENGINEERING ADHESIVES

Market App Collection
Install the App and find out more

Progressive Web Apps (PWAs) are one of the new technology tools that H.B. Fuller is utilizing to benefit our customers, distribution partners and sales team.

PWAs have many benefits and features, including ease of access, speed, performance, and responsiveness.

From the moment you scan the unique QR Code and download the PWA to your phone, it begins adding value, provides beneficial information, and helps us stay connected with our customers.

PWAs can provide our customers with real time information updates, technical information, and can be accessed anywhere from their phones, tablets, or other devices.

YOUR BENEFITS

- **Add-To Homescreen**
- **Content available in offline mode**
- **Fast Start**, Improved Performance
- **No Installation**, Independent from App Stores
- No Updates, **Always Up-To-Date**

Find the QR codes of all apps currently available on the backside ➝
